

will soon raise all the bananas consumed in the United States." Mr. Gore's amendment was defeated. The pineapple schedule was passed over at the request of Mr. Aldrich. Mr. Rayner declared that the Senators from Maryland and Florida were arrayed against each other on the pineapple schedule, and that there was a great deal of discussion of the pineapple.

An amendment offered by Mr. Aldrich, reducing the duty on dried peas from 80 cents to 25 cents per bushel was agreed to without debate.

The Finance Committee's recommendation reducing the duty on chicory root, chocolate and cocoa was agreed to without debate.

The duty on salt was reduced by a new amendment proposed by Mr. Aldrich from 12 cents per 100 pounds, when in bags, sacks, etc., as provided by the House, to 10 cents per 100 pounds, and from 8 to 6 cents per 100 pounds when in bulk.

Mr. Aldrich's amendment, Mr. Aldrich said it was not his purpose to take up that schedule at this time. Notwithstanding this statement, Mr. Smith, of South Carolina, made an elaborate speech on that subject, taking general ground against the protective policy.

Tillman Gets His Name in Record. When Mr. Bacon, of Texas, offered a portion of the testimony of Andrew Carnegie as an example of the opinion of a Republican that reduction of duties would lessen prices to the consumer, Mr. Aldrich suggested that some Democrat should place all of Mr. Carnegie's statements on the tariff on the record as a Democratic text-book. He had no doubt it would be used for that purpose for the next twenty years.

Mr. Bailey immediately acted upon Mr. Aldrich's suggestion, asking that Mr. Carnegie's testimony be printed as a separate public document. Mr. Scott, of West Virginia, objected. Mr. Bacon, of Georgia, moved to reconsider the paragraph of fresh meat and game, but the Senate refused to do so by a vote of 40 to 32, and the paragraph, as amended by the Finance Committee, was accepted.

When Mr. Bacon began speaking upon the duty on bacon and ham, he noticed that Senator Tillman was engaged in conversation with Mr. Aldrich, and protested in a low tone against the action of the Senate from South Carolina diverting the attention of the Senator from Rhode Island.

The Senator from Rhode Island is regarded by so many Senators as being the Senate itself that the Senator objects to any one talking to him, and he is speaking, retorted Mr. Tillman, speaking in such a tone that his words might go into the record.

HAVE COMPLETED WORK

Liberian Commission Nearly Ready to Return to United States.

WASHINGTON, D. C., May 31.—The American Liberian Commission, which has been at Monrovia about a month inquiring into the affairs of the African republic, has practically concluded its labors. The commissioners have sailed from Monrovia on the scout cruisers Chester and Birmingham and will reach the United States about the third week in June.

In order to investigate further the conditions in southern Liberia, the commissioners have gone on the cruiser Birmingham to Harper, the southernmost port of the country. The Birmingham will afterward return northward, arriving at Freetown, Sierra Leone, about June 7, on her way to the Grand Canary Islands.

When the Chester and Birmingham reach the Grand Canary Islands they will coal and await the arrival from the United States of their sister ship, the Salem, which will leave Boston about June 5. It is expected that she will make the run in about a week, and after coaling, the squadron will start on its return voyage home. On the trip the cruisers will be put through several tests.

CZAR'S BROTHER IN LINE

Takes Command of Cavalry Regiment Instead of in Elite Guard.

ST. PETERSBURG, May 31.—Grand Duke Michael, Alexanderovich, the younger brother of Emperor Nicholas, has been appointed commander of a cavalry regiment of cavalry stationed at Yelabinsk. He will serve the customary period with the regiment in the little provincial town. This course is unprecedented. Grand dukes up to the present time have been permitted to take entire leave of the army and to reside at St. Petersburg, the regulations requiring service in the line being disregarded in their case.

Grand Duke Michael, however, smarting under the recent criticisms in the Duma with reference to his position in the army, insisted that there should be no exemption for him.

FIND WANDERER'S HUSBAND

Woman Who Aired Strangely Wife of Wilmington Del. May 31.—Dr. William H. Harker, superintendent of the State Insane Asylum at Farnhurst, has received a letter from Dr. W. J. Dickinson, of New York and Pine Bluff, Ark., stating that Mrs. Catherine Dickinson, who was found wandering about Newark, and sent to the asylum several days ago, was his wife. Mrs. Dickinson told her name and address, but declared persons were following her and intended to kill her. She said she had been to New York, then to Philadelphia, and then to Wilmington, where she had walked a distance of fifteen miles. She had a considerable sum of money and numerous jewels when she left home, but was without them when found, and could not account for their disappearance.

Dr. Dickinson said his wife left Pine Bluff for New York, and that he heard nothing more from her until Dr. Harker told him she was at the local hospital. He said she never had been affected mentally before, and will make arrangements to have her returned to Pine Bluff. Mrs. Dickinson has much improved since her stay at Farnhurst.

Alleged Robber Arrested. [Special to The Times-Dispatch.]

SUFFOLK, VA., May 31.—Hurricane Branch to-day arrived here with Nathaniel Bennett, accused of robbing R. S. Holland's store, at Saunders, Va., on Sunday morning. Bennett was captured by Branch's son, Taylor, on Sunday afternoon while fishing on Lake Drummond.

ALLAN REPORTS ARE PREMATURE

No Appointment for Postmaster Until Mr. Cabell Is Confirmed as Commissioner.

"All this talk about the appointment of Edgar Allan, Jr., as postmaster to succeed Mr. Cabell is, in my belief, sounded from the camp of the Allan followers," said a prominent Republican yesterday. "I don't mean to say, or even intimate, that I am opposed to his appointment. It is not the proper time to appoint a successor, and I don't believe President Taft has considered the matter."

In the first place Mr. Cabell has never received official information that he has been selected as the Commissioner of Internal Revenue, nor has his name been presented to the Senate. It is, of course, that that will be done in due time, but to think of the name of his successor at Richmond being presented first is too far out of the usual course of events to talk about.

"It has actually been printed that Mr. Allan's name will be sent on by the President next week. Of course, this is possible, but hardly probable, as prior to that time, in the regular course of events, Mr. Cabell's name will be passed upon, and his acceptance received. There are certain formalities when a man is appointed to office which have to be carried out."

Mr. Allan, as assistant postmaster under the administration of Mr. Cabell, has acquired a knowledge of the inner workings of the office, and is besides a close personal and political friend of Postmaster-General Hitchcock. He is regarded by some as a logical successor in the position, but others think President Taft will consider the wisdom of naming some Taft Democrat, with a view to strengthening his position in Virginia.

HOTEL MEN TO MEET

Virginia to Be Guests of North Carolina at Asheville.

President P. M. Fry, of the Virginia Hotel Men's Association, is completing arrangements for carrying the delegation from this State to meet with the North Carolina delegates at the Battery Park Hotel, in Asheville, June 8 to 12. Members through the State are asked to notify the president at once so as to avoid confusion at the last moment.

The Richmond delegation, which includes almost every hotel man in the city, will leave here on the night of June 6 over the Southern Railway. There will be no private cars, but a special round trip rate has been secured for the well-known negro resort. Members will be picked up along the route, and it is expected that most of them will arrive at Asheville on the same train.

TWO GALLONS OF RYE

Golar Rankin Arrested on Charge of Stealing Whiskey from Employer.

While he was walking through the Old Market last night, Golar Rankin, colored, was seen to be swinging two gallons of whiskey and to be headed off for the well-known negro resort. An officer who observed him kindly took him in, and relieved him of the two gallons. Rankin protested, but his protests were in vain. After he had been taken to the First Police Station, a warrant was sworn out charging him with stealing the whiskey from the Virginia Distilling Corporation, Seventh and Cary Streets, where he was employed. Rankin had been employed there some time, and whiskey had been missing almost as long as he had been there.

MAYOR MAY SEIZE CARS AND RUN THEM

(Continued from Page One—Column 1.)

His influence on the side of the strikers, in the hope of overcoming the resistance of the well-known negro resort. The Central Labor Union, composed of twenty-five auxiliaries, is fighting for the Penn party nomination of city treasurer on a platform of general indifference to the strike.

Next to C. O. Pratt, the strike organizer, he is the busiest man in the movement, and he spent all of Sunday night at the head of a Central Union committee, working to make a Monday morning resumption of service impossible through the co-operation of other union men with the car men.

MUST HAVE LARGE STANDING ARMY

Miss Helen Taft, Daughter of the President, and Monument to U. S. Regulars Who Fell at Gettysburg.

(Continued from Page One—Column 3.)

burg campaign, which were erected at the location each organization occupied during the battle, are of Jonesboro granite, 24 by 50 inches, and seven feet high. Upon each is a descriptive bronze tablet and the coat-of-arms of the United States.

The central monument, and the forty-two regimental memorials were authorized by act of Congress of February 18, 1903, and March 3, 1905, and cost altogether \$61,000. The Gettysburg National Park Commission was assisted in the selection of the site and adoption of designs for the memorials by a committee of nine from among the surviving officers of the commands that took part in the three days' battle.

The erection and dedication of the monuments to the regular soldiers, which are a battlefield that already contains hundreds of beautiful memorials. There are now on the field about 500 monuments, and the number of tablets erected exceeds 500. The number of guns mounted on the field, Union and Confederate, is about 375. Pennsylvania will next year erect a State monument at a cost of \$150,000, and the States of Alabama and Virginia will also place monuments on the famous field in the near future to commemorate the various services of their sons in that mighty struggle.

EXERCISES AT ARLINGTON

Every Grave in Great Cemetery Marked With American Flag.

WASHINGTON, D. C., May 31.—Memorial Day was generally observed here to-day. The principal exercises were conducted at Arlington under the auspices of the G. A. R. Every grave was marked with an American flag.

Appropriate exercises also were conducted at the Soldiers' Home National Cemetery, where Representative Hollingsworth, of Ohio, who gained considerable prominence by his resolution protesting against placing the portrait of Jefferson Davis on the silverware of the battleship Mississippi, was one of the speakers. He referred to the discussion in the House on the subject, and declared that it will be a dark day in the history of the republic when the name of Abraham Lincoln ceases to be revered above all other figures of the Civil War period, or when it shall be replaced by that of Jefferson Davis to any extent in the hearts and affections of the American people. The thought of Lincoln as shaking as the first thrill of horror that followed the firing on Sumter."

MEMORIAL DAY IN MEXICO

American Colony Observes Occasion and Places Wreath on Monument.

CITY OF MEXICO, May 31.—Memorial Day was observed in this city to-day by the American colony, one of the features being the placing of a wreath on the monument erected to the memory of Chapultepec cadets who fell in defense of Chapultepec Castle when the Americans attacked it in 1847.

THE WEATHER

Forecast: Virginia—Partly cloudy Tuesday; Wednesday unsettled; continued warm; light to moderate variable winds.

North Carolina—Showers Tuesday and Wednesday; light to moderate variable winds.

CONDITIONS YESTERDAY. Richmond's weather was clear and hot. Thermometer at midnight, 71.

DEFEND JOHNSON AT BURIAL PLACE

Thousands Gather at Grave of Seventeenth President and Pay Tribute to His Memory.

LITTLETON MAKES SPEECH

Old Fiddlers, Between Tunes, Tell of Days When They Knew Tennessee Commoner.

GREENEVILLE, TENN., May 31.—Scattered over the green sward in and around the National Cemetery, which for the past thirty years, has served as the resting place for the body of Andrew Johnson, seventeenth President of the United States, thousands of the descendants of his old-time neighbors and friends in East Tennessee to-day, by organizing the Andrew Johnson Memorial Association, took advantage of the first memorial celebration since the transformation of the private cemetery into a national institution to do honor to the memory of the former distinguished citizen.

Tribute to Johnson. The people came from all portions of the vast and picturesque East Tennessee country, and most of them were of the present day generation; there were some old-timers who boasted of having known the Tennessee Commoner in his life, and who spoke of the fact with much pride.

The orator of the occasion, Martin W. Littleton, came all the way from New York to speak in terms of high eulogy of the one President who, during his term of office, was tried on impeachment charges.

Mr. Littleton is a native of East Tennessee, and he expressed high appreciation of the honor conferred upon him in making him the orator of the occasion. He reviewed at great length the life of the distinguished man in whose memory the people had assembled, and predicted that the day would come when the entire country would be pleased to do homage to the name of Andrew Johnson.

Following the decoration of the grave of the President, the assembly returned from the cemetery to the Greenville Auditorium, which seats 5,000 people, and where the formal program was carried out. It had been planned to hold the exercises at the cemetery, but the rain last night had rendered the place inadvisable. The cemetery is a beautiful spot, just outside of the town in which for several years in his early life Mr. Johnson worked as a tailor.

It is splendidly cared for and commands a fine view of the mountain range which separates Mr. Johnson's adopted State from North Carolina, the State in which he was born. Many visitors come from the outside, and the program consisted of the singing of "America" and the Star-Spangled Banner by a choir of 200 voices; an invocation by the Rev. John S. Eakin of the Methodist Episcopal Church, and the introduction of Mr. Littleton by Hon. James C. Harris, of the organization of the Memorial Association.

There was in attendance a capable orchestra, several members of which were students of the music furnished during the Johnson-Gentry campaign for Governor before the Civil War. Many of the visitors in the audience were of the present day generation, and between tunes manifested great willingness to entertain visitors with stories of the dim and distant past.

Altogether it was a memorable day for Greenville, and visitors generally voted that they had been well entertained.

EXPOSITION TO OPEN

President Taft to Give Signal That Will Start Wheels in Seattle.

SEATTLE, WASH., May 31.—The Alaska-Yukon-Pac. Exposition will be ready for the signal from President Taft at noon to-morrow, when he presses a button at Washington. Several hundred men are working on the Fair Grounds to-night, but they are laborers and gardeners, patching the road and clearing away rubbish. Perfect weather is promised for the opening of the exposition.

LEAVES MITE TO MISS GOULD

"A Friend to All Soldiers," Trooper Says of Her in Will.

WASHINGTON, D. C., May 31.—"A friend to all soldiers" is the way Private John James Bartlett, of Battery F, Fifth Field Artillery, who recently died at Fort Sheridan, Ill., described Miss Helen Gould when he filed out the slip making her his sole beneficiary in case of death, according to information given out at the War Department.

Colonel H. L. Rogers, depot paymaster in this city, has forwarded to Miss Gould the soldier's six months' pay, his death benefit, which amounts to a little over \$100.

Miss Gould, who will apply the bequest to furthering her campaign for the improvement of the life of enlisted men in the army and navy, has acknowledged in a personal note the receipt of the money, in which she says she is deeply touched at such a tribute from an enlisted man.

THREATENED TO SHOOT

John Young Had Pistol Pressed to His Body, but It Was Unloaded.

James Minnis and Frank Duncan, colored, were arrested last night by a detective on a charge of assaulting and threatening to shoot John Young, also colored.

Minnis was stated, had the revolver first, but handed it over to Duncan, and then filled his fists with rocks. When the detective came along the pistol was pressed close to Young's body. The weapon was unloaded, as it happened, but Duncan didn't know it.

ROSY CHEEKS

Generally mean good health.

POSTUM

Makes RED Blood and Rosy Cheeks.

"There's a Reason."

Indians Ambush Soldiers. MEDAN, SUMATRA, May 31.—Three soldiers of the Seventeenth Battalion of Infantry were killed and several others wounded in a battle with Malays in Southern Sumatra at Tuba, where the Malays are showing its most virulent form. There are upward of fifty deaths from the disease daily. There are severe epidemics also on points on the North River and the West River, but Amoy has comparatively few cases.

IS YOUR BLOOD THIN AND POOR?

Then Read What This Wisconsin Woman Says About Her Own Case.

In no disease is delay or neglect more dangerous than in anemia, or poverty of the blood. This disorder is common in persons who are overworked or confined within doors, and makes its approach in so stealthy a manner that it is often well developed before its presence is recognized.

But taken in time the disease is readily cured, the specific being a tonic medicine which increases the number of red blood corpuscles, thus enabling the blood to carry the life-giving oxygen to all the tissues of the body. Such a tonic is Dr. Williams' Pink Pills. These pills have had unbounded success in curing this stubborn disease because of this wonderful property.

The following cure of anemia by Dr. Williams' Pink Pills deserves a careful reading by every person whose blood is impure. Mrs. Ida Keller, of R. F. D. No. 6, Tomah, Wis., says:

"About ten years ago my health began to fail. I was all run down, could not do any work, had no appetite, and was not able to sleep. I had night sweats, which were very weakening, and my feet and limbs were swollen. My stomach was in such a bad condition that I could not even retain the doctor's medicine. My head ached all of the time, and I was subject to dizzy spells. I became reduced in weight from 118 to 106 pounds, and was confined to bed for days at a time.

I was under the care of two doctors, but they gave me relief only for the time being. One of the doctors told my husband that it would be only a short time before I would be in the final stages of consumption. My mother-in-law advised me to try Dr. Williams' Pink Pills, and while I didn't have any faith in them, I did so to please her. Before I had taken the pills long I felt much better. I took several boxes, and was able to do my work again. I gained rapidly in flesh, could eat without distress, and soon felt like myself again. I always speak of Dr. Williams' Pink Pills, for I know that they saved my life."

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

ARBITRATION TO SETTLE TROUBLE

Firemen and Railway Officials Unable to Agree as to Status of Negroes.

ATLANTA, GA., May 31.—Unable to agree upon the terms of settlement of the recent strike the officials of the Georgia Railroad and the Brotherhood of Firemen have invoked arbitration under the Erdman law. It was nearly 7 o'clock to-night when Commissioner of Labor Neill and Chairman Knapp, of the Interstate Commerce Commission, reluctantly gave up the battle to bring the warring elements together.

Commissioner Neill notified both parties to the dispute to select an arbitrator within five days. They then will select a third. The Erdman act provides that should the two arbitrators be unable to agree upon the third member of the commission, he will be named by Mr. Knapp and Mr. Neill. The decision of the arbitrators is made binding upon both sides by law.

As expected, the disagreement came over the question of the retention of negroes.

Had Carpenter's Tools. Harold Harris, white, was arrested yesterday afternoon as a suspicious character, the allegation being that a number of carpenter's tools found in his possession were not belong to him. He was locked up in the First Police Station.
